Celebrating 11 Years!

Welcome to our Production Sale.

See what we have to offer at Come To The Source.

We'd like to welcome you to Laramie. If you've been to our sale before, you know that we bring years of experience to our breeding programs. We try to provide you with the best horses we can raise. We have always believed that integrity combined with quality is what brings people here so we don't need gimmicks. At Come To The Source, we bring our programs together in one place to offer you horses that are raised in big, open pastures with the herd, so they learn to be around each other and to deal with Mother Nature. Colts grow and mature naturally, at their own rate.

We have historical, time-tested bloodlines.

We breed for good bone, cow sense, athletic ability, speed and a sensible disposition. The uniqueness of our program is that you can see several generations of mares all on the same ranch.

The Driftwoods...

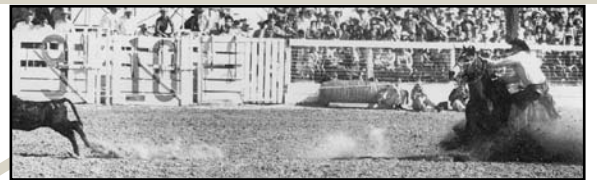

- Our concentration of Driftwood blood started with the Stanley and Randy Johnston mares. These mares were a blend of Driftwood, Poco Speedy, Orphan Drift, Sak Em San (son of Peppy San), Doc's Jack Frost (sire of Sun Frost) and Captain Crusade. We bred these mares to our Blue Valentine stallions.
- Another good cross was My Drifty Pride and daughters of Gooseberry. This proven program, through Valentine Drift, has given us genetic strength and diversity for the future.

Bath Bros Ranch

Randy and Laurie Dunn - Carrying on the Bath Family Tradition

My family, the Baths, came to Laramie in the spring of 1868. The railroad came in the fall and the Territory of Wyoming was formed. My ancestors built the first wood framed building in Laramie in 1869. They moved to the Little Laramie Valley and started raising cattle and horses.

The Bath Brothers had a strong and long tradition of raising good using horses and reputation cattle. I have tried to carry on the same principles that have been handed down for four generations: easy keepers with good minds, speed, bone, cow and athletic ability. In the 1930's, they raised remount horses for the government. In the late 30's they began raising Quarter horses and became AQHA members in the early 40's. My wife, Laurie, and I continue the 140 year tradition of raising horses on the same ranch while still using the family's original AQHA number (#7965) as our Lifetime AQHA number.

Our ranch is one of the oldest working ranches in Wyoming and our brand is one of the oldest recorded in the state. The horses are raised in big, open pastures along side of the cattle. We use the horses we raise and we feel they offer the genetic strength to perform and compete in any discipline or arena. Our program includes 6 grandsons and 31 granddaughters of Blue Valentine. We are ranchers raisin' good horses.

Red Garretson - one of a kind.

I would like to thank our brand inspector, Red Garretson, who retires this July after 45 years, 1,658,198 hd of cattle, over 20,000 horses, several sheep and 10 years of dedicated service at our sale. Red is not only a good family friend but a mentor as well. You'll be missed feller.

Kelsey Dunn and Red shipping

Thank You.

I would like to thank our customers and partners for the last 10 years. Last but certainly not least, my wife, Laurie, the cook, Kelsey the hired hand, Ashley and Travis, Jamie and Brian and granddaughter, Kylee.

Billy Ward - Riding and Selling Bath Bros horses.

PRCA 7-time NFR pickup man and friend, Billy Ward, is exclusively riding and marketing our geldings. Contact Billy at 307-575-0695.

May 19th, 2008 Laramie, WY.

Springtime in Laramie can be pretty tough. These horses aren't pampered - they come to the top on their own without supplement throughout the winter.

Without these two, it would be hard to do what we do.

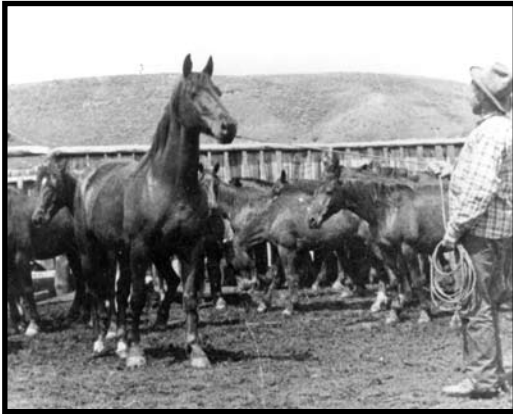

A lot of what we do wouldn't be possible without the help of Lee Vigil - Thanks a lot Lee.

A Big "Thank You" to Justin Prelle who does it all.

Merritt Quarter Horses

Chip, Kathy, Brady & Corey

Vince Hayes in the late 1800s.

The Start of A Tradition...

It all began in 1880 when my great-grandfather, Vince Hayes, trailed a herd of good mares from Ft. Riley, Nevada to Thermopolis, Wyoming. His two sons, Buster and Laurie, continued the tradition of raising and riding top horses and sought ways to improve them. Around 1951, they purchased Texas Blue Bonnet, a son of Joe Hancock. They started crossing him on their own mares and in 1955 a Patron mare bred to him produced a foal named Plenty Coup, who went on to also produce many top colts.

Buster and Laurie Hayes

At about the same time my grandfather, King Merritt, brought one of the first Quarter Horse stallions, "Old Red Buck P-9" to Wyoming. As a respected horseman, King had judged the first Quarter Horse show in California. He and all his children were well known for their horsemanship skills. King and his son Hyde brought additional stallions to Wyoming, including Ambrose and Patron. Hyde inherited from his father the satisfaction of riding a good horse he knew he had raised.

In the fall of 1956, Ken Gunter gave Del Haverty the pick of the Red Man colts. Del picked a blue roan stallion named Blue Valentine. Del trained Blue to rope calves, tie-down team rope, and haze dogging steers. Blue later was most famous as a steer roping horse but Del always felt he was

a better calf horse than anything. Del sold half interest in Blue Valentine to Buster and Laurie Hayes.

Buster and Laurie stood Texas Blue Bonnet, Plenty Coup, and Blue Valentine. It was quite an experience to see these studs out with the excellent set of mares Buster and Laurie had accumulated.

The tradition continued when my mother, Dede (Buster's daughter), married my father, Hyde. Hyde started breeding his Ambrose mares to Hayes' Plenty Coup, then took that cross and bred to Blue Valentine. This program produced the stallion Gooseberry, Crow Creek (Lory's top calf horse), and many good mares.

Hyde and Dede then bought the other half interest in Blue Valentine from Del. Hyde felt like it was a great privilege to rope steers on Blue. In 1970 Hyde roped at his last Cheyenne Frontier Days on Blue. Everet Shaw, who rode his share of great steer roping horses, told Hyde that Blue was the best horse at Cheyenne that year. Hyde and Del both felt that Blue started out of the box quicker and could catch cattle easier than any horse they had ridden. The combination of Blue's athletic ability and Del's training made him hard to beat.

The Tradition Lives On...

Gathering Blue Valentine Two and his mares.

Now Kathy and I continue this tradition by raising horses with as much Texas Blue Bonnet, Plenty Coup, Ambrose and Blue Valentine blood as possible, hoping to preserve the heritage of these great bloodlines.

Interest in these bloodlines has grown incredibly. People from all over tell us that these horses have such good dispositions. We have a lot of happy buyers from a wide spectrum of the horse world. It's simple...no matter what we do with a horse, we all want to ride one that's gentle and athletic...versatile and sensible.

Come To The Source and the future...

Last year we marked our 10th year of offering the best horses we can raise. What we bring to the sale each year is no accident. Kathy & I work diligently with the future of these horses in mind. We know what the two of us like in a horse, but the direction of our breeding program involves a lot more than that. It takes hours and hours of discussion and long lists of criteria. Each year's colt crop represents the things we set out to do.

Corey and Kathy.

Our future broodmares.

*Thank you to Sam and Dick and Randy for their commitment and perserverance.
We've learned over the years what it means to be diligent and committed to a long range goal.*

Endless appreciation for those of you out there who love these bloodlines and give us a reason to keep them going.

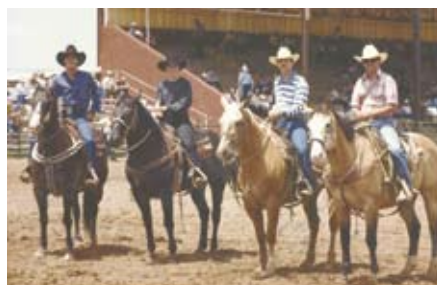

A HUGE thank you goes out to our family and friends who have helped out over the years.

For many years we have been raising high percentage foundation Driftwoods and Blue Valentines. We are proud to make these bloodlines available to you. A big thank you to all of the customers who have made this sale a success and for proving what these horses are capable of doing. To our partners Chip, Randy, and Dick - your contributions and friendships are greatly appreciated.

We have campaigned several of our homebred stallions on the competitive AQHA Open Circuit because we want to breed horses that can compete with the best...and prove they can win.

Mr Junewood, Blue Fox Hancock and Driftwood Sensation have all earned Open AQHA performance points in the cattle events and all carry time proven working genetics.

This line of horses is known for the attitude that what you show and teach them today they will remember tomorrow.

All of our stallions are EVA tested negative and vaccinated. Shipped semen available.

Our 2008 crew: Jen Gossler, Mgr. Nikki Evans, Krisi Boen and intern Melissa Ralston.

Mr Junewood...a homebred champion

Mr Junewood In the 2001 AQHA World Show Finals, his first year showing, MJ placed 2nd in the prelims and 6th overall in the Open Jr. Division. At the 2003 AQHA World Show Finals he placed 3rd in the prelims and 8th overall in the Open Sr. Division. Trained and shown by Shot Branham.

Blue Fox Hancock...creating a Blue Valentine legend

"I still think that Mr Junewood and Blue Fox are two of the better horses that I ever rode, and I think enough of them that I am incorporating their bloodlines into my broodmares."
--Shot Branham, NFR Finalist and AQHA World Show Finalist

Shot will be riding Blue Fox at the World Show. Blue Fox's full brother Hancock Red Fox is in training with Luke Jones. He has found him to be willing and easy to train. He is very consistent and steady in his progress. Red Fox is started on heeling and shows a lot of interest and potential.

Blue Fox is qualified for the 2008 AQHA World Show and will be competing in Heeling. He is a high % Blue Valentine with AQHA Points in Working Cow Horse and Heeling. He has earned an Open Performance ROM.

Shot heeling on Blue Fox

Plenty Blue Fox, Lot 17, is a 3/4 brother to the high selling horse in the 2007 sale.

Driftwood Sensation...ride one, you'll see

Shot Branham roping on Driftwood Sensation, one of the few stallions to have Driftwood ON his papers.

Driftwood Sensation has earned AQHA points in both Heading and Heeling. His colts are some of our favorite to ride because just like him, they have incredible speed without any of the hot attitude. They are willing, smooth and overall the kind of horse that people like to be around. "Sunny" truly passes on all of the characteristics that made Driftwood such a noted horse.

More Stallions...

Blue Valentine Jr...continuing our Blue Valentines

This 2005 son of Blue Bridgets Rojo is the newest addition to our stallion battery. Jr goes back to Blue Valentine 7X through 4 sons (Ruano Rojo, Blues Beard, Leo Hancock Hayes and Gooseberry) and 2 daughters (Hydel Girl and Gerries Blue twice). He is a thick-muscled, smooth moving, true blue roan. His full sister sells as Lot 92. We have a colt from his first foal crop in the sale - Lot 34.

“What is it about the Outside of a Horse That is so Good for the Inside of a Man?”

Van Pelt's Vista Grande Ranch is located south of Laramie, Wyoming up against the base of the Laramie Range of Mountains at about 7400 feet above sea level. The high plains of Wyoming, its good hard grass, cold mountain water, and acres and acres of bright blue unpolluted sky is home to the Van Pelt string of top quality ranch bred working cow horses going back to Blue Valentine, Joe Hancock and Leo. It doesn't matter whether you rope, cut, barrel race or just need a good tough ranch horse; we have something that will fit you. This year we welcomed 52 new foals for your review, and we always have lots of select yearlings from which to choose. We really feel this is our best selection we have ever offered...the color is TRUE BLUE and there's lots of it...come take a look. August is a great time to visit Laramie...drop by to see our horses and visit over a cup of coffee. We'll leave the light on for you.

Here's What You've Been Asking For . . .

I was lucky to get Kiley Scott to ride six horses again for me this year. She and JoAnn Merritt did a bang up job for me last year and you won't be disappointed with what she's done this year. You're really going to be impressed with these big gentle ranch horses. All but one are only two years old...no one can say they don't learn fast! Just look at these horses featured here with Kiley.

This bay roan 3 year old filly has attracted lots of attention this summer because Kiley has taken her everywhere. She's super minded and willing to please.

I have this horse with an outstanding Nebraska trainer, Greg Frye, pictured at right. Greg rode several horses for me last year and I've had great comments on his ability from the purchasers of those horses. Greg tells me this colt, Roan Rudy, has learned it all and is "plumb broke..." just ask his daughter's new puppy!

Greg was raised in the Sand Hills of Nebraska, and is a self made horse trainer that learned his trade form the ground up for the past 20 years and he loves every minute of it.

Kiley says this big blue filly is really a "duplicate copy" of all the four fillies she's been riding. They are all soft in the bridle and really riding well. She's spent a lot of "quality time" with them this summer and it shows.

Jody Cunningham, one of a handful of "Purina Influentials," will show Blue Fire Hancock in this year's sale. Blue Fire is a dynamite grullo roan colt who is truly in a league of his own.

You can see more of this outstanding horse and Jody's ability in the August issue of the National Foundation Quarter Horse Journal.

This big blue stud, owned by trainer Danny Schicke of Nueve, California is the reason I love raising these horses. I accidentally found this colt, a product of our 2003 sale, while visiting friends in California. I was real proud to see my brand on this good-looking horse. Danny won 3 saddles and over \$10,000 on him as a 4-yr-old. Danny estimates he has ridden and trained a thousand horses, and he places this colt in the top 1% of all of them. He loves his disposition and ability to learn.

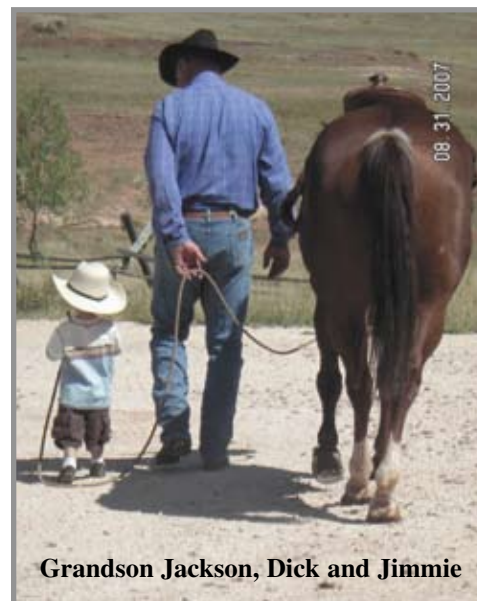

I feel I have the best cowgirls in SE Wyoming on our payroll! Tori and Heyli Bonham, along with Jori Lorenzi, are just the touch we like with the yearlings. These horses have gentle starts and trust everyone, thanks to these young ladies.

A Nebraska native, Sam Renken was mentored by Bob Roane of Colorado Springs, a 2 time AQHA World Champion in Western Riding. Bob taught the young Sam the basics and Sam has improved on that early training for the past 20 years. Additionally, Sam worked for several quarter horse outfits in the southeast. Sam has worked exclusively with the big black horse featured on the previous page (Jacksons Cowboy, Lot 22). They will both take your breath away. Jacksons Cowboy's full brother is now standing in Canada.

**At the end of the day,
this is what it is all about.
Thank you for coming...
Happy Trails**

I think every good stud deserves to be bred to a good bred running mare. If you like blue roan color, speed, flash or a good pedigree here it is all in one package. His mother could run and both of her parents were AAA. All of the 14 horses for 3 generations behind her pedigree were money earners at the track and all the mares were producers. If you want a good sized horse that can run or produce, then here is a good opportunity to do that.
